Out-of-Area Restrictions

Incoming Out-of-Area

Policy 7120: *“No new incoming out-of-area requests will be approved for schools where student enrollment is projected to be greater than 90% of permanent capacity.”* Under this policy and at the discretion of the Director of School Choice, the schools below are entirely or selectively “frozen” to **incoming** students for School Year 2014-2015. Students with program needs related to District Choice Programs such as the International Baccalaureate, Cambridge or Career & Technical Education programs may be admitted to schools that are otherwise frozen but still projected to be at less than 100% of their permanent capacity.

Note that exceptions may be granted under Policy 7120 for students living in the district of one school that is closed to out-of-area incoming transfers who wish to attend another school that is also closed to out-of-area incoming transfers. *“Special consideration will be given to students who are requesting to move from a school of higher capacity utilization to one of lower capacity utilization within this category.”*

FY 2014-2015 Student Accommodation Plan

Out-of-Area Restrictions

Non-Renewal of Out-of-Area

Policy 7120: *“If a school’s enrollment is projected to exceed 100% of its permanent capacity for the following school year, existing out-of-area students will not be renewed as necessary to reduce the projected enrollment to 100% of the school’s permanent capacity. Non-renewals of existing out-of-area students will be prioritized by grade level beginning with the lowest grade levels.”* Under this policy, out-of-area students at the schools below **WILL NOT BE RENEWED** for School Year 2014-2015, beginning with the lowest grade level until the projected utilization is 100% of permanent capacity.

Note that students of school based employees attending all schools below are exempt from this provision.
