Notes:

Note 1: Utilization Factors are established by the Florida Department of Education's (FDOE) State Requirements for Educational Facilities (SREF).

DOE Utilization Factors for Brevard Schools Elementary Schools: 100% Middle Schools: 90%
 Jr/Sr High Schools: 90% Senior High Schools: 95%

Note 2: Projected Membership based on Final Membership Projections (12/12/2013) provided by Glenn Tuley.

Note 3: Permanent Student Stations are based on the information contained in the FDOE Florida Inventory of School Houses (FISH) database on 10/23/13

Note 4: Factored Capacity is calculated by multiplying Satisfactory Permanent Student Stations by the Utilization Factor.

Note 5: Projected Capacity in Use is calculated by dividing the Projected Student Membership by the Permanent Factored Capacity.

Note 6: Relocatable Classroom Units are based on the information contained in the FDOE Florida Inventory of School Houses (FISH) database on 10/23/13 plus the Relocatable changes that are proposed for the 2014-15 School Year. **Changes are designated with a red font.**

Note 7: Relocatable Student Stations are based on the information contained in the FDOE Florida Inventory of School Houses (FISH) database on 10/23/13 plus the Relocatable changes that are proposed for the 2014-15 School Year. **Changes are designated with a red font.**

Note 8: Relocatable Factored Capacity is calculated by multiplying Satisfactory Relocatable Student Stations by the Utilization Factor.

Note 9: Totals are calculated by adding Permanent and Relocatable data. Note that this data is for REFERENCE ONLY --

Capacity and Capacity in Use for schools are calculated based on Permanent Factored Capacity per School Board Policy 7110.
